In these Standing Orders, to avoid unnecessary repetition, where all categories of members are intended they are referred to as the members or the membership of the Faculty. Where only those who have voting rights are intended they are referred to as voting members.

2.2 ADMISSION OF FELLOWS

Members that have been awarded fellowship status through the process of certification are entitled to use the post-nominals SFFMLM as Senior Fellow, FFMLM as Fellow, AFFMLM as Associate Fellow.

Post nominals indicate that members are recognised by FMLM for their medical leadership and have been awarded through certification against the Leadership and management standards for medical professionals.

Members who have not been awarded Fellowship status through Certification do not have the right or entitlement to use post nominal letters.

If a member or fellow is erased from the GMC/GDC register their membership will be terminated.

If a member or fellow is suspended or has any other sanction on their GMC/GDC registration or has been barred from holding a management or leadership position they must declare this to FMLM. The membership committee will be responsible for reviewing these cases in conjunction with the membership officer and will advise Council about the required action.

2.5 REGISTER OF MEMBERS

a) A register of members of the Faculty, their addresses and other relevant details will be maintained by the Faculty. Addresses and other details in this register will be used for matters pertaining to the work of the Faculty, in accordance with its registration under the Data Protection Act 1998 as modified or re-enacted from time to time.

b) Every official letter or notice which will be sent by or on behalf of an appointed Officer, to any member, addressed to them, at the given postal or email address as entered on the Faculty register, will be considered to have been received and that person will be deemed to have sufficient notice of the contents of such letter or notice, and will be bound by it.

2.6 GOOD STANDING

The phrase ‘in good standing’ in these Standing Orders means that the member of the Faculty so designated has duly paid all fees and subscriptions due from them to the Faculty; is abiding by the Code of conduct as required by Standing Order 2.4; and complies with the minimum requirements of the Faculty’s or other appropriate continuing professional development scheme.

2.7 MISCONDUCT

If it will at any time become known to the Board that any member has gained admission to, or affiliated with the Faculty by fraud, false statement or imposition, or has acted in any respect in a dishonourable or unprofessional manner as decided by the Board, or has violated the code of conduct or any Standing Order of the Faculty, the Board may decide that the person’s name will be removed from the list of members for such limited time or altogether as it will determine. The Board will establish and publish to members a procedure for disciplinary processes and appeals procedures.
2.8 VOTING AND OTHER RIGHTS

a) All members of the Faculty other than associates are entitled to receive the papers referring to General Meetings of the Faculty (Chapter 10). They are also entitled to attend such meetings and to put forward written questions for reply.

No new office will be established unless it has been recommended by the Board and approved by a resolution duly passed at a General Meeting of the Faculty.

b) Candidates for office in the Faculty as listed above must be full members as defined in Standing Order 2.1, in good standing, and must be employed or based in the United Kingdom.

3.3 ELECTION AND APPOINTMENT OF OFFICERS

a) The chair of Council (also referred to as the Chair) will be elected, by ballot of the voting members. The term of office will be for 3 years with the option of a second term of 2 years if re-elected by the voting members, making a maximum total of 5, after which the Chair will not be eligible for re-election to that office. The initial process for governing the elections will be determined by the Board, and published to the membership. Any subsequent changes to the process will be subject to agreement at the next available General Meeting. The process for governing the election will include publication of eligibility to stand for election; schedule and timings related to the election; the process for nominations; the method of election, including the custody of ballot papers and the role of the returning officer; and the process for succession, handover, and installation.

b) The Medical Director will be appointed by, and can be dismissed by, the Board. The post will be an officer, but will be paid as an employee of the Faculty with a contract of employment and a job description that will be agreed by the Board. The Medical Director will fulfil the role of Chief Executive, will report to and be accountable to the Chair, and will not be a trustee of the charity. The Medical Director will attend meetings of the Board in advisory capacity when it is dealing with trustee business, and will not have voting rights on such matters.

c) The Treasurer will be a member of the Board who is chosen and agreed by the Board to fulfil the specific responsibilities it allocates to the role, in respect of matters relating to
financial and asset management. The Treasurer will be accountable to the Board as a whole.

3.4 NO PERSON TO HOLD MORE THAN ONE OFFICE

No person may at any one time hold more than one of the offices specified in Standing Order 3.1.

3.5 OFFICER CEASING TO BE A FELLOW OR A MEMBER

Any Officer who ceases to be a member will cease to hold office.

3.6 VACANCY OF OFFICE

In the event of the office of Chair becoming vacant, the Chair-elect (if any) will become Chair. In the absence of a Chair-elect, the Treasurer will act as Chair and arrange an immediate election to elect a Chair who will serve until the third Annual General Meeting following appointment. The Board may at any time elect a member of the Faculty to fill a vacancy in any other office until the next Annual General Meeting.

3.7 REMOVAL OF OFFICERS

The Chair and the Treasurer may be removed from office at any time by the Board on the advice of a resolution passed at an Annual General Meeting or Extraordinary General Meeting. The Medical Director may be removed only by the Board, in line with the terms of the contract of employment.

3.8 EX-OFFICIO MEMBERS OF COMMITTEES

The officers as defined in Standing Order 3.1 will be ex-officio members of all committees of the Board and of Council.

3.9 DUTIES OF THE OFFICERS

The Board will define the duties of the Officers within the requirements outlined in Standing Order 3.1 and the Appendix to these Order and revise them from time to time as appropriate.

3.10 FACULTY STAFF

The Medical Director will be the officer responsible for the employment of staff, acting on authority delegated by the Board of Trustees. The Medical Director will act within policies for recruitment, retention and terms and conditions of service of staff that will be determined by the Board.
3.11 FIRST OFFICERS

The Founding Council established by the Medical Royal Colleges will name the first Officers. They will serve until each counterpart is first elected, when the first officer will stand down in favour of the elected officer.
4. THE BOARD OF TRUSTEES AND THE COUNCIL

4.1 The fulfilment of the Faculty's remit and objects will be achieved through two committees:

- **Board of Trustees.** There will be a board of trustees (the Board) who will carry trustee responsibility, and responsibility for the statutory aspects of charitable status, including the management and audit of the organisation. Charity Trustees are the people who serve on the governing body of a charity. They are responsible for controlling the management and administration of a charity. Trustees have and must accept ultimate responsibility for directing the affairs of a charity, and ensuring that it is solvent, well-run, and delivering the charitable outcomes for which it has been set up.

- **Faculty Council.** A separate Council will be responsible for policy, although there may be overlap of membership of the two committees. The Council of the Faculty is the focus for dealing with all issues that affect the professional activity of its membership, including matters relating to policy and guidance relating to conduct and education and training; professional issues such as professionalism and revalidation; engagement with members; regional and international issues; and any other matters relevant to the practice of medical leadership and management.

  a) The Council may advise the Trustees on any matter in which the Council considers it to be appropriate that its advice should be given or on which its advice may be sought by the Trustees, but the Council will have no power to direct the Trustees to follow such advice.

  b) Should the Trustees decide not to accept the advice of Council on any matter, or decline any proposal for development, the Chair of the Board will inform the Council of this fact and the reasons for it, and will invite further submission from the Council as appropriate until the matter is resolved. In the event of an inability to resolve an issue, provisions exist within the Standing Orders for sufficient members to refer the matter to a General Meeting.

  c) The Faculty will endeavour to ensure that the Board, the Council, and any committees involved in its governance or management should be fully representative of the Faculty's membership, in terms of gender, ethnicity, profession, sector, grade, and geographical location. The Faculty will encourage this through objective appointment and competitive elections (as appropriate), open to any eligible member who wishes to be nominated and meets the published criteria. However this will not extend to any practise of positive discrimination to favour representation of any particular group.

  d) The Board will review the composition of the Board, the Council, and any committees each year, in terms of gender, ethnicity, profession, sector, grade, and geographical location, and compare these against the Faculty's membership demographic data. It will
be open to the Board, in consultation with the Chairs of such groups, to co-opt, in a way it thinks fit, up to 3 additional members to each group to compensate for any imbalance.

4.2 THE BOARD OF TRUSTEES

a) The Board of Trustees (also known as the Board) will consist of the Chair; the Treasurer; a representative nominated by the parent Colleges; three ordinary members elected by and from the members of the Council, at least one of whom will be a regional representative assuming that at least one stands for election; together with two lay members. The Board will also be entitled to co-opt members for a set period, to address any representational or expertise deficit it identifies. No member will hold more than one position on the Board. The fact that the Board may not comprise at any particular time all of the persons designated in this Standing Order 4.2 will not invalidate or otherwise affect any decision or action properly decided or taken by the Board.

b) The Board will act as the Trustees of the charity and will carry and execute the responsibilities of Trustees as defined by the Charities Acts and related statutes and guidance.

4.3 CHAIRING THE BOARD

The chair of Council will preside at every meeting of the Board, but if the Chair is not present within ten minutes of the appointed time, the Treasurer will take the chair. If the Treasurer is also absent, the members of the Board will choose one of their number who is a member, to take the chair.

4.4 ELECTION AND APPOINTMENT OF MEMBERS OF THE BOARD

Ordinary members

Ordinary members of the Board will be elected by nomination from the members of the Council, of members of the Council. They will be elected by the members of the Council. Ordinary members must be subscribing members of the Faculty.

Lay members

The method for appointing the two lay members of the Board will be determined by the Board.

Co-opted members

The Board may co-opt up to three additional members for a specified period, which will be no more than three years. Any subsequent extension must be agreed by the Board, such that the total period of co-option does not exceed five years.
4.5 PERIOD OF SERVICE AND VACATION OF PLACES

Persons elected to be ordinary members of the Board will serve as such until the third Annual General Meeting following the one at which their election is announced, and then stand down.

4.6 CONSECUTIVE TERMS OF SERVICE

No ordinary member of the Board will serve as such for more than two consecutive elected terms, of three and then two years, making a maximum total of five, and will not then be eligible for re-election as an ordinary member until a period of one year has elapsed.

4.7 RESIGNATION AND DISQUALIFICATION OF BOARD MEMBERS

A member’s seat on the Board will be vacated automatically if:

- the Board member, if a member of the Faculty, ceases to be in good standing, or
- by notice in writing or by email to the chair membership of the Board is resigned, or
- without good cause there is a failure to attend three consecutive meetings of the Board,

or

- the criteria either for election as a representative of the particular constituency or appointment as a Board member are no longer fulfilled.

4.8 CASUAL VACANCY

The Board may at any time appoint a member of the Faculty to fill a casual vacancy provided that in relation to an elected member of the Board the person so appointed would be eligible to be elected in the same category as the vacating member of the Board. Any person so appointed will retire at the next Annual General Meeting unless formally elected to the Board on or before that date.

4.9 POWERS OF THE BOARD

The business of the Faculty will be managed by the Board which may act on behalf of the Faculty in all matters of charitable responsibility that are not, by law or by these Standing Orders, required to be enacted by the Faculty in a General Meeting. The Board will determine the criteria for membership of the Faculty under its various categories.

4.10 REGULATION OF MEETINGS AND VOTING

The Board may meet, adjourn and otherwise regulate its meetings as it thinks fit. The Board must meet face-to-face on at least two occasions a year. In relation to any additional meetings which
are not held wholly face to face, any member of the Board may participate in the meeting by means of telephone conference or other communications equipment (including televisual means) which allows all persons participating in the meeting to hear each other. Questions arising at any meeting and requiring decision will be decided by a majority of votes of those taking part. Questions needing a decision between formal meetings may be decided in the same manner (including the casting of votes by electronic communication) provided that all members of the Board are notified of the question to be decided and the number of them voting on the question would constitute a quorum. In case of an equality of votes the Chair of the meeting will have a casting vote.

4.11 ACTIONS WITH REDUCED NUMBERS AND WITHOUT QUORUM

The Board may act notwithstanding any vacancy in its body, but if less than a quorum of five members are present they will act as a Board only for the purposes of filling vacancies in the Board, admitting persons to membership of the Faculty, or summoning a General Meeting. When a quorum is not present no vote will be taken, but discussions may be held and recommendations made which will then be reported to the next quorate meeting of the Board for its decision. For the purpose of determining whether a quorum is present all persons whose participation in a meeting conforms to the requirement of Standing Order 4.2 will be deemed to constitute persons present at such meeting.

4.12 CONVENING BOARD MEETINGS

The Medical Director will convene a meeting of the Board at any time upon a requisition from the chair or from any four members of the Board, stating the purposes for which the meeting is to be held. At least one week's clear notice (exclusive both of the day on which it is served and of the day for which it is given) will be sent to each member of the Board.

4.13 ACTS DONE IN GOOD FAITH

All acts done in good faith by any meeting of the Board or by any person acting as a member of the Board will be valid and binding, even if it be discovered later that there was some defect in the appointment, election or continuance in office of any member or members of the Board carrying out such acts.

4.14 MINUTES

Minutes will be made of the proceedings of all meetings of the Board and all business transacted at such meetings. The minutes of any meeting, when adopted at the next meeting, will be sufficient evidence of the facts therein stated.
4.15 RESOLUTIONS IN WRITING - VALIDITY

A resolution in writing signed by all members of the Board who are entitled to receive notice of meetings of the Board will be as valid and binding as if it had been passed at a duly convened and constituted meeting of the Board.

4.16 CONFIDENTIALTY OF THE BOARD

The minutes and documentation of Board meetings can be shared freely by the members of the Board unless they are marked as confidential or if the Chair requests the confidentiality of the proceedings during the meeting of the Board. Such circumstances where the confidentiality of proceedings is required will be exceptional; however every member of the Board will at the earliest opportunity after joining the Board give assent to the following words spoken by the chair in the presence of members of the Board:

“You promise that you will not divulge any of the proceedings of this meeting of the Board which you will be required to keep confidential by the chair of Council, and that you will faithfully discharge the duties entrusted to you in strict accordance with the Standing Orders of the Faculty and with the relevant Laws, Bye-Laws and Regulations of the Medical Royal Colleges of the UK.”

4.17 FACULTY REPRESENTATION EXTERNALLY

The method of nominating any permitted representative of the Faculty on the Council or equivalent of any of the Medical Royal Colleges of the UK will be determined by the Board. The Board may nominate representatives of the Faculty, who need not be members of the Board, to serve on other bodies as appropriate.

4.18 BOARD LIABILITY

Except as otherwise provided by law, no member of the Board will be liable for any loss to the Faculty arising by reason of any improper investment made in good faith (so long as he/she will have sought professional advice before making such investment) or for the negligence or fraud of any agent employed by him/her or by any other member of the Board in good faith (provided reasonable supervision has been exercised) although the employment of such agent was strictly not necessary or expedient or by reason of any mistake or omission made in good faith by any member of the Board or by reason of any other matter or thing other than fraud, wrongdoing or wrongful omission on the part of the Board member who is sought to be made liable.

4.19 INSURANCE

The Board will insure its members at the expense of the Faculty against personal liability for acts properly undertaken in the administration of the Faculty and acts undertaken under an honest mistake during their period of service as Board members.
4.20 FURTHERANCE OF OBJECTS

The Board may, and if requested by any of the Colleges, will, make recommendations to the parent Colleges in furtherance of the objects of the Faculty, with special reference to research, lectures, awards, examinations, the appointments of examiners and other matters related to medical leadership and management.
5. THE COUNCIL

5.1 COMPOSITION

The Council is the professional decision making body of the Faculty and will be representative of the membership of the Faculty. Its composition will be:

- The eight UK regional representatives of the Faculty, ex-officio.

The Faculty’s full time Clinical Fellow will be ex-officio the Chair of the Faculty’s Trainee Steering Group.

5.3 RESIGNATION AND DISQUALIFICATION OF COUNCIL MEMBERS

A member’s seat on the Council will be vacated automatically if:

- the Council member, if a member of the Faculty, ceases to be in good standing, or by notice in writing or by email to the chair membership of the Council is resigned, or
- without good cause there is a failure to attend three consecutive meetings of the Council, or
- the criteria either for election as a representative of the particular constituency or appointment as a Board member are no longer fulfilled.
5.4 CASUAL VACANCY

The Board may at any time appoint a member of the Faculty to fill a casual vacancy provided that in relation to an elected member of the Council, the person so appointed would be eligible to be elected in the same category as the vacating member of the Council. Any person so appointed will retire at the next Annual General Meeting unless formally elected to the Board before that date.

5.5 POWERS OF THE COUNCIL

The business of the Faculty will be managed by the Council which may act on behalf of the Faculty in all matters of charitable responsibility that are not, by law or by these Standing Orders, required to be enacted by the Faculty in General Meeting. The role of council will be to advise the Board on professional issues and developments affecting the Faculty or its members, and to carry out tasks or responsibilities delegated to it by the Board.

5.6 REGULATION OF MEETINGS AND VOTING

The Council may meet, adjourn and otherwise regulate its meetings as it thinks fit. The Council must meet face-to-face on at least two occasions a year. In relation to any additional meetings which are not held wholly face to face, any member of the Council may participate in the meeting by means of conference telephone or other communications equipment (including televisual means) which allows all persons participating in the meeting to hear each other. Questions arising at any meeting and requiring decision will be decided by a majority of votes of those taking part. Questions needing a decision between formal meetings may be decided in the same manner (including the casting of votes by electronic communication) provided that all members of the Council are notified of the question to be decided and the number of them voting on the question would constitute a quorum. In case of an equality of votes the Chairman of the meeting will have a casting vote.

5.7 ACTIONS WITH REDUCED NUMBERS AND WITHOUT QUORUM

The Council may act notwithstanding any vacancy in its body, but if less than a quorum of ten members is present no vote will be taken, but discussions may be held and recommendations made which will then be reported to the next quorate meeting of the Council for its decision. For the purpose of determining whether a quorum is present all persons whose participation in a meeting conforms to the requirement of Standing Order 5.1 will be deemed to constitute persons present at such meeting.

5.8 CONVENING COUNCIL MEETINGS

In exceptional circumstances, the Medical Director will convene a meeting of the Council at any time upon a requisition from the chair or from any four members of the Board, or ten of the Council, stating the purposes for which the meeting is to be held. At least one week’s clear notice
(exclusive both of the day on which it is served and of the day for which it is given) will be sent to each member of the Council.

5.9 ACTS DONE IN GOOD FAITH

All acts done in good faith by any meeting of the Council or by any person acting as a member of the Council will be valid and binding, even if it be discovered later that there was some defect in the appointment, election or continuance in office of any member or members of the Council carrying out such acts.

5.10 MINUTES

Minutes will be made of the proceedings of all meetings of the Council and all business transacted at such meetings. The minutes of any meeting, when adopted at the next meeting, will be sufficient evidence of the facts therein stated. Minutes will be available electronically once approved by the Council.

5.11 RESOLUTIONS IN WRITING – VALIDITY

A resolution in writing signed by all members of the Council who are entitled to receive notice of meetings of the Council will be as valid and binding as if it had been passed at a duly convened and constituted meeting of the Council.

Role Descriptions

**Chair of Council**

The Chair of Council is the directly elected chief officer of the Faculty who is answerable to the Board and to the members. The role is not remunerated, although reasonable and necessary expenses will be reimbursed by the Faculty.

The Chair of Council (also referred to as the Chair) will be elected, by ballot of the voting members. The term of office will be for 3 years with the option of a second term of 2 years, if re-elected by the voting members, making a maximum total of 5, after which the Chair will not be eligible for re-election to that office.

These duties are inherently open ended; the duties and reporting arrangements of other officers should be such that the Chair of Council is aware of, but not concerned with, the details of routine business.
The Treasurer will be responsible for the financial management and oversight of the Faculty, although also sharing with the other trustees the financial responsibilities of managing the charity.

The Treasurer will be a member of the Board who is chosen and agreed by the Board to fulfil the specific responsibilities it allocates to the role, in respect of matters relating to financial and asset management. The Treasurer will be accountable to the Board as a whole.

Exceptionally, where it is agreed by the board in advance to appoint a medical director without a licence to practice, alternative arrangements must be made by the board to appoint a Responsible Officer for the Faculty. The role will be subject to a contract of employment, accompanied by a detail job description. However in general the responsibilities terms will include:

- To be responsible for the management of all elections and appointments within and by the Faculty
- To be the Lead Officer for maintaining close working links with specialist societies and other external bodies relating to medical leadership and management

The process for electing the Regional Leads will be determined by the Council and agreed by the Board. The agreed process will be published to the membership. Except in cases where there is unavoidable reason or other good cause, the same process will apply in every region.

Each Regional Lead will be responsible to the Council for the effectiveness of their regional network, and will sign an undertaking to that effect; but will each will be free to decide how the network might best operate for that geographical area, operating within any guidance set by the Council.

Duties include:

Regional Leads must note that the FMLM is a lean organisation with few members of staff and funds to provide active support to leads in the regions. Regional Leads will be expected and required to agree to the terms set out above in the form of a written agreement.
